Originally created by Topps in 1965, Wacky Packages were and still are of the most popular base-card products of the line. This set series of parody stickers has stood the test of time and remains in more than 30 sets over the following decades. An amazing roster of collaborative artists and illustrators brought it back and has kept it alive to this day. Wacky Packages earned a place in pop-culture history. This product is not affiliated with or endorsed by any of the companies who are the subject of parody.

The products being spoofed are all good ones. So to drink.
